## **DETAILED ACTION**

## Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-6, 11, 13-14, 17-18, 20, 22-24, 26, 28-30, 32, 34-37, 41, and 47 are drawn to a laser for generating light pulses at a selected operating wavelength or range of wavelengths and a selected fundamental repetition frequency comprising:, classified in class 372, subclass 30.
- II. Claims 38 and 40 are drawn to a waveguide which comprises a layer, film or coating comprising carbon nanotubes through which light passes, classified in class 333, subclass 329.

The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because the waveguide in the invention II is not necessary required in a laser device in the invention I. The subcombination has separate utility such as a fiber system.

Application/Control Number: 10/537,900 Page 3

Art Unit: 2828

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dung (Michael) T. Nguyen whose telephone number is (571) 272-1949. The examiner can normally be reached on 8:30 - 19:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Min Harvey can be reached on (571) 272-1835. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <a href="http://pair-direct.uspto.gov">http://pair-direct.uspto.gov</a>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
